Notice and Disclaimer

The San Carlos Irrigation and Drainage District has submitted the attached information regarding an existing irrigation well for the purpose of supplying such information to the Department of Water Resources as a matter of accommodation only and without any legal obligation to do so.

The subject well for which information is furnished is owned by the United States and operated by the San Carlos Federal Irrigation Project under the Bureau of Indian Affairs as a joint source of supply for the San Carlos Irrigation and Drainage District and the Gila River Indian Community, pursuant to the Act of Congress approved June 7, 1924, authorizing the San Carlos Federal Irrigation Project (43 Stat. 475-476). The water from the subject well is decreed to the lands situated within the San Carlos Irrigation and Drainage District and the Gila River Indian Reservation pursuant to the provisions of the Decree entered on June 29, 1935, in the District Court of the United States, in and for the District of Arizona, in The United States of America v. Gila Valley Irrigation District, et al., Globe Equity No. 59, commonly known as the Gila Decree. Respectfully submitted this 11<sup>TH</sup> day of June, 1982.
